Practical No. 6

Aim: To generate the digital marketing contents for social media/ online marketing platform

Name of Student:

Roll No.:

Semester/Year:

Academic Session:

Date of Performance:

Date of Submission:

AIM: To generate the digital marketing contents for social media/ online marketing platform

OBJECTIVE/EXPECTED LEARNING OUTCOME:

- To understand the fundamentals of digital marketing and the role of content in engaging online audiences.
- To create creative and effective digital content (text, images, videos, captions, hashtags) suitable for various social media platforms.
- To apply appropriate tools and techniques for designing, editing, and optimizing content for online marketing.
- To analyze and improve content based on audience engagement metrics such as likes, shares, comments, and reach.

THEORY:

Digital marketing refers to the promotion of products, services, or ideas using digital channels such as social media platforms, websites, email, and search engines. Social media platforms like Instagram, Facebook, X (Twitter), and LinkedIn play a vital role in online marketing because they allow direct interaction with a large and targeted audience.

Digital marketing content includes text posts, images, videos, reels, stories, banners, and advertisements designed to attract, inform, and engage users. Effective content should be creative, relevant, platform-specific, and aligned with marketing objectives such as brand awareness, lead generation, or sales promotion. Elements like catchy headlines, clear call-to-action (CTA), suitable hashtags, and visual appeal enhance content effectiveness.

Content generation involves planning, designing, editing, and publishing posts using digital tools such as graphic design software, content management systems, and social media schedulers. Analyzing performance metrics like reach, impressions, likes, shares, and comments helps in evaluating content success and improving future marketing strategies.

SCREEN SHOTS:

CONCLUSION:

The activity helped in understanding the importance of creativity, audience targeting, and platform-specific content design. By analyzing engagement metrics such as likes, shares, and comments, the effectiveness of the content was evaluated. This practical enhanced skills in content creation, optimization, and performance analysis, which are essential for effective digital marketing in the modern online environment.

DISCUSSION QUESTIONS:

1. Why is platform-specific content important in digital marketing?

2. How do visuals (images and videos) impact audience engagement on social media?

3. What role do hashtags and keywords play in increasing content reach?

4. What ethical considerations should be followed while creating digital marketing content?
